IAU Symposium n^0172

Dear Dr.J.E. Arlot !

Thank you very much for pleasant announcement about **IAU Symposium** n^0172**, Paris,France, July 3-8, 1995** and attention for me. I'm extremely interested in participation the **Symposium** because my scientific work is connected with the study of physical libration in Moons'rotation. I would like to present the report concerning the construction of analytical tables of lunar libration. I would highly appreciate if You would give me an opportunity to participate the **Symposium**. The currency difficulties in Russia make me ask a financial support, including a travel grant. My salary is 25 US$ in month, because I can not pay a registration fee, accommodation, meals.The currency difficulties in the Russia make me ask for a financial support. For the financial support to Russian scientists You can address at the INTERNATIONAL SCIENCE FOUNDATION(USA-Russia) by address:
